## ADDENDUM TO *SLing* 130 (2013): 191–198

In his article/obituary „Professor István Futaky (12.5.1926–21.1.2013) als Tungusologe” published in *SLing* 130 (2013): 191–198 the author assumed that I. Futaky’s work „Nyelvtörténeti vizsgálatok a Kárpát-Medencei Avar-Magyar kapcsolatok kérdéséhez. Mongol és Mandzsu-Tunguz elemek nyelvünkben” (Budapest 2001) had been reviewed by G. Kara (in: *MNy* 98 (4). 2002: 491–496) and M. Stachowski (in: *SEC* 7. 2002: 203–206) only (Knüppel [2013]: 196, note 19). This has to be corrected since a further review was undertaken by H. Jankowski in: *RO* 59 (2). 2007: 152–153.
